

Christopher Litton

Director, Business Solutions, Justice and Public Safety, Sierra Systems

As a leader within Sierra focusing on strategy and business design of JPS Solutions, Christopher works across North America leading strategic design, partnership development, knowledge sharing, and R&D.

Christopher has spent a number of years overseeing large scale Statewide JPS solution integration initiatives across the US and Canada. He has led Business Design and Solution Architecture for multiple State and Provincial Offender Management Systems, as well as design initiatives related to integration across JPS partner agencies including Victim's, Courts, Sheriff's, Justice BI, Secure Collaboration Portals and Offender Kiosks.

Christopher currently sits as Chair of the IJIS Institute, Corrections Advisory Committee.
