

**S/Sgt. Clint Baker**  
NCO i/c Vancouver Integrated Technological Crime Unit  
R.C.M.P.

CANADA

---

Clint has been a police officer for 17 years working at detachment level both in small and medium sized communities, as well as in Federal policing in Border Integrity, and for the last ten years, in Technological Crime. He has a broad range of experience in conducting digital forensics and cybercrime investigations as well as a knowledge base on cyber issues as they relate to the Critical Infrastructure. He has testified as an expert several times in both the Provincial and Supreme Court of British Columbia level, and has a particular interest and expertise in the concept and methodology of digital evidence triage.
