## Education, Licenses and Certifications

- Certified Information Systems Security Professional (CISSP)
- Certified Fraud Examiner (CFE)
- Certified Computer Examiner (CCE)
- Certified Anti Money Laundering Specialist (CAMS)

## Professional and Industry Experience

Iain is the western Canada leader of KPMG's Forensic Technology practice which specializes in the preservation and production of digital evidence for civil and criminal matters. Iain oversees the operations of our Vancouver and Calgary Forensic lab services. Iain has conducted hundreds of digital data preservations, extracted and analyzed data from numerous digital sources including servers, software applications, databases, mobile phones and tablets, cloud storage and mail servers.

He came to KPMG's Forensic services practice from a large accounting firm, where he was the national leader of Forensic Technologies as well as the national leader of Anti Money Laundering services. Iain is a former detective with the Edmonton Police service where he was last assigned to the Technological Crimes Unit where he conducted cross border investigations relating to identity theft, drugs, homicides, thefts, financial frauds and money laundering activities. He has worked with numerous law enforcement agencies including the RCMP and the US Secret Service.
